This course is for those who are curious about things in the United States. This is a great way to practice speaking in English as well. If you are planning to go to the USA or are just interested in USA culture in general, this course is for you. First, we will go over what culture is, then go from there. We will look at media sources, so no book is required. Come to the class with lots of questions, and we will go through different topics every week. This course will also be discussion-based. Hope to see you there!
